

PLANS RADICAL
POSTAL CHANGESGeneral Burleson Intends Re-
organizing Department.

WILL ELIMINATE POLITICS

Scheme Contemplates Placing All Post-
masters Under Civil Service and Re-
quiring Examination for Admission,
Retention and Promotion—Favors
Transferring Incumbents From One
City to Another.Washington, April 11.—Postmaster
General Burleson has determined to
effect the most radical reorganization
of the postal service ever proposed
in the history of civil service reform
in this country. The plan upon which
he is at work is distinguished by these
features:All postmasters shall be placed un-
der civil service and required to pass
examination for admission, retention
and promotion.Postmasters shall be appointed and
transferred without regard to locality,
so that, for example, a resident of
San Francisco could be made postmas-
ter of New York, and a resident of Du-
luth postmaster of New Orleans.The new postmaster general has
told his friends that his highest am-
bition is to take the postoffice depart-
ment completely out of politics and
make it an organization of the high-
est business efficiency.

President Commends Plan.

He has submitted an outline of his
plan to President Wilson, who has
commended it enthusiastically and as-
sured him that all the influence the
administration possesses will be used
to put it into effect.Mr. Burleson has reached the con-
clusion that politics is a blight on the
postal service. Postmasters are ap-
pointed as a reward for political ser-
vices and not for their fitness to dis-
charge the duties of the position ef-
ficiently and economically. The re-
sult is that in ninety-nine cases out
of one hundred the political postmaster
takes the appointment merely as a
perquisite.The postmaster general believes
postmasters should be a professional
class, trained in their duties and de-
voted to the service as a life work.
He thinks a postmaster should not be
restricted to one locality, but should
be promoted from the smaller to lar-
ger communities, according to ability
displayed.

Proposes Civil Service Test.

The postmaster general has decided
to subject all fourth class postmasters
to a civil service test. Those who
pass it will be retained and those who
do not will be relieved. This examina-
tion will be open to outsiders also and
an eligible list of fourth class post-
masters will be established. Vacancies
will be filled from the list.It is Mr. Burleson's intention in the
appointment of fourth class postmas-
ters to experiment with the proposi-
tion of ignoring geographical consid-
erations. Wherever a vacancy occurs
the man at the top of the eligible list
will be appointed, regardless of the
fact that he does not reside in the
community affected.If this scheme works well Mr.
Burleson will ask congress to enact
legislation placing the first, second
and third class postmasters under
similar civil service regulations and
subject to assignment without regard
to locality.

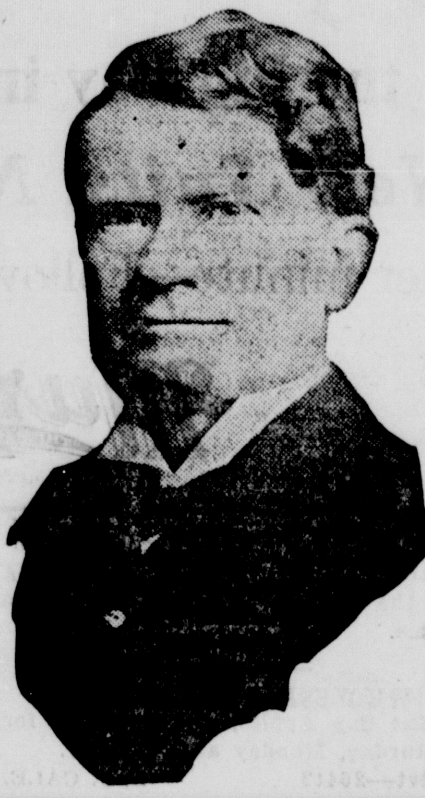

DECLARES NAVY INADEQUATE

Captain Hood Severely Criticizes Ex-
isting Policy.Washington, April 11.—Not one of
the thirty-one battleships and twenty-
four destroyers that constituted the
fighting force of 127 vessels which as-
sembled for review in New York har-
bor last October was ready for war,
Captain John Hood, then captain of
the dreadnought Delaware, the pen-
nant ship of the fleet, told the Navy
league at its session here. Captain
Hood, now a member of the navy
general board, gave his views on a
desirable naval policy."At no time has our fleet been de-
veloped along lines of consistent
thought to meet a definite end," said
Captain Hood, "which should be the
guarantee of a nation's peace. Today
we have a fleet too small and hetero-
geneous to meet the ends which justify
its maintenance and too large to be
carried as a burden for a play-
thing."

BELGIAN STRIKE CERTAIN

Workmen Have Benefit Fund of About
\$3,000,000.Brussels, April 11.—All the hopes
that the general strike for manhood
suffrage would be averted have van-
ished and it now seems certain that
the most sweeping attempt yet made
to apply the methods of organized la-
bor for purely political ends will be-
gin Monday.The strike fund now amounts to ap-
proximately \$3,000,000 and fresh con-
tributions from home and abroad are
pouring in hourly. The Belgian cigar
workers of Boston, Olneyville and
Manchester, United States of Amer-
ica, have sent \$7,000.Manhattan Island.
In the past 100 years the real estate
of Manhattan Island has increased in
value 7,670 per cent.

S. F. PROUTY.

Iowa Congressman Has
Bill to Prevent Panics.

BILL TO PREVENT PANICS

Representative Prouty of Iowa In-
troduces Measure.Washington, April 11.—A bill in-
troduced by Representative Prouty of
Iowa would provide national banks
with over half a billion dollars of
emergency currency and, in Mr.
Prouty's opinion, absolutely prevent
panics. He says it has the approval
of treasury experts whom he has con-
sulted."This bill, as its title shows, is in-
tended purely to create an emergency
currency," said Representative Prouty.
"It provides that the comptroller of
the currency shall have printed for
the various national banks emergency
currency equal to one-half their cap-
ital stock. This is to be delivered
only to thoroughly solvent banks that
have 20 per cent or more surplus and
are in good financial condition."MODIFIES ORDER
REGARDING NEWSSecretary of the Treasury Al-
ters His Instructions.Washington, April 11.—Secretary
McAdoo of the treasury department
practically rescinded his previous or-
der by which subordinates were forbid-
den to give out news, except through
the secretary's office. The secretary
issued the following amendatory in-
structions to his assistants:"The secretary's memorandum with
reference to giving out news was not
intended to prevent the publication of
routine matters of intimate interest to
the public. Heads of bureaus and
chiefs of division may give to repre-
sentatives of the press any ordinary
news, but matter involving views of
policy or reforms in the department
should be submitted to the secretary
for his approval."

HAWAII TALKS SECESSION

Petition Is Being Prepared Asking
Independence.Honolulu, April 11.—The Star-Bul-
letin says that a petition is being pre-
pared declaring that "whereas, Hawaii
is commercially unable to exist under
free sugar, it be allowed to withdraw
from the Union and resume its pre-
vious status of independence, if a free
sugar provision be enacted by con-
gress."The Star-Bulletin says the petition
is being drafted by an attorney en-
gaged by leading business men and
that the latter are giving it earnest
support. It will be put into circula-
tion as soon as the draft is completed.

TAKES CUE FROM OLSON CASE

Milwaukee Negro Slays Alleged In-
vader of His Home.Milwaukee, April 11.—"I watched
the Olson case at St. Paul and came
to the conclusion to kill the man who
devastated my home," said Edward
Scott, a colored "bellboy" in a local
hotel, after he shot and instantly killed
Charles Carter, also colored.Carter was inveigled to the front
door of his home and, upon seeing his
victim through the plate glass of the
door, Scott whipped out a gun and
fired. Scott was arrested, but shows
no remorse.

WRECK ON MEXICAN ROAD

Twenty Passengers Killed and Forty
Injured.Mexico City, April 11.—Twenty pas-
sengers were killed and forty injured
in a wreck on the Mexican Central
railway near Tulsa, state of Hidalgo,
because the engineer yielded to the
importunities of the passengers.The engineer, fearing to run into
rebels, was moving cautiously. The
passengers were similarly apprehen-
sive, but, believing that greater safety
lay in great speed, induced the con-
ductor and engineer to consent to full
steam.

The train was derailed on a curve.

WOULD ANNEX A
PART OF MEXICOGroups of Americans Said to
Have Plotted.

NOW OPPOSED TO HUERTA.

Persons in United States Having
Share of Great Interests in Southern
Republic Believed to Have Aided
Revolution Against Madero and Now
the One Against Huerta.

By ARTHUR W. DUNN.

Washington, April 11.—[Special.]—
Annexation of the northern provinces
of Mexico is the scheme of those who
have had a finger in the revolutions
on the other side of the Rio Grande.
Back as far as the Madero revolution
it was discovered that the annexation
crowd was among those opposing him.
Plots against Madero were aided by
Americans who wanted the northern
states of Mexico annexed, and now it
appears that revolution against Huerta
is encouraged because he stands in
the way of annexation or separation
of any part of Mexico, as any ruler of
that country must.

American Interests.

Senator Fall of New Mexico, who is
better informed on Mexican affairs
than any man in public life, says that
Americans own 43 per cent of the to-
tal wealth of Mexico. The money to-
tal he gives at \$1,057,000,000, and also
he says that 77 per cent of the Mexi-
can railroad bonds and stocks are
owned by Americans.Senator Fall estimates the damage
done to American interests by the re-
volutions at \$800,000,000. He says that
the Americans own most of the shares
of the mining stocks. The Americans
would favor annexation, except that
Mexican mining laws are much more
liberal than those of the United States.

The Surprising Fact.

In view of the great interests which
Americans have in Mexico it is sur-
prising that intervention has been held
off so long. Only the fact that the
United States had enough of war with
inferior peoples has stood in the way
of a Mexican invasion. Our people are
nearly all against mixing in Mexico
with an army.

Advising the President.

President Wilson is receiving a lot
of advice these days as to what he
should recommend congress to do.
There are many organizations which
seem to be a sort of factory for ad-
vising national legislation. There are
many measures which failed in the
last congress which seem to have
strong supporters as the new session
begins, and efforts are being made to
enlist the president's aid.One organization alone wants legis-
lation for federal and interstate em-
ployees receiving injuries; giving
states the right of appeal to the su-
preme court; eight hour law for wom-
en in Washington; a department of
health bills; immigration restriction;
several bills for American seamen; the
preventing of shipment of convict
made goods by interstate commerce
and a national commission to investi-
gate jails. That is a pretty good list
to turn into the congressional mill.

A President's Limitations.

President Wilson might be able to
get through some of these measures,
but others are impossible. There are
limits even to a president's activities.
The president has been told that, while
he may regard the tariff and currency
important, they are not so important
as those which touch upon the welfare
of humanity.Though Mr. Wilson has not been
told to abandon his tariff and curren-
cy projects, it has been suggested that
he have congress give attention to
these matters which pertain to human
interests. But even a powerful pres-
ident cannot do the impossible.

Still After Levy.

The fact that Mrs. Martin W. Little-
ton is no longer the wife of a member
of congress has not put an end to her
campaign to compel Jefferson Levy
make over Monticello to the United
States government. Mrs. Littleton is
carrying her campaign right to the
doors of the White House and hopes
for presidential help.

Treasurer Burke.

Former Governor Burke of North
Dakota is now treasurer of the United
States. No one pays much attention
at the office. General F. E. Spinner
made himself and the place famous on
account of his peculiar signature. It
has never amounted to much since, al-
though it carries a considerable respon-
sibility.Burke came very nearly being the
vice president. There was a time when
it looked as if he might be nominated
with Wilson.

The Postoffice Department.

Mrs. Burleson, wife of the postmas-
ter general, received a letter recently
which had taken something like four
days to reach her, although it was
written by a friend living within a
mile. "Of course," remarked Mrs.
Burleson in the presence of her hus-
band, "the present administration of
the postoffice department is responsi-
ble, whose name is said to be Alfred
Moore, stabbed and fatally wounded
Joe Love, a fellow prisoner.The men were being marched to
work, Moore in the rear of Love, when
suddenly Moore reached forward and
slashed the other man's throat. It is
not known what caused the attack.Moore was sentenced to the prison
from Washington, D. C. to serve a
seven-year sentence for assault, Love,
whose home is in Jefferson City, Mo.,
is serving a twenty-five-year sentence.

GENERAL BLISS.

Again Issues a Warning
to Mexican Commanders.

Photo by American Press Association.

WARNS MEXICAN OFFICERS

General Bliss Objects to Firing Over
Boundary.Washington, April 11.—Brigadier
General Bliss, in command of the
American forces on the Mexican fron-
tier, reported to the war department
that, in consequence of repeated fail-
ing of Mexican bullets into American
territory, he again had warned the
commanders of the Constitutionalists
and the federal forces now battling at
Naco, Mex., that further firing across
the border would not be tolerated.
Both of the commanders, he said, had
promised to do their utmost to pre-
vent cause for complaint in future.GOVERNMENT MAY
TAKE HOLD OF LINESOpposes Dissolution Plan of
Harriman Roads.Washington, April 11.—There is a
probability of the government taking
charge of the properties of the Union
Pacific-Southern Pacific merger through
a receivership, if the United States
court at St. Louis does not approve
the new plan of dissolution, rejected
by Attorney General McReynolds.It developed that there is serious
doubt among officials of the depart-
ment of justice as to the power of the
St. Louis court to extend the time
limit given by the supreme court with-
in which to accomplish the disintegra-
tion under the Sherman law.The railroads have until May 10 to
present a plan of dissolution accept-
able to the court. Failing to comply
with this condition the supreme court
provided for the settlement of the
question by government receivership.Mr. McReynolds was advised that
the railroad hopes to submit its plan
to the court April 21. The attorney
general will oppose its approval,
though he may not go to St. Louis.

STRENGTHEN CIGARETTE LAW

Senate Bill Puts Enforcement Up to
Dairy Inspectors.St. Paul, April 11.—The house
passed Representative M. J. Sullivan's
bill amending the anti-cigarette law
so as to place the enforcement of the
law in the hands of the state dairy
and food commissioner. Inspectors
of the department may bring prosecu-
tions whenever cigarettes are found
in the possession of tobacco dealers,
if the senate passes the bill."The Woodmen's emancipation bill,"
previously passed by the house, was
passed by the senate by a vote of 49
to 17. The bill is an entirely different
measure from the one that came from
the house, however, and must go back
to the house for concurrence in a
number of amendments.The house passed Senator John
Mooney's bill for a constitutional
amendment for the recall of all public
officials, elective and appointive. The
vote for the bill was 82 to 6.The house passed the Wefald effi-
ciency committee bill, the voting be-
ing 85 to 18. It provides for a commis-
sion to investigate the methods of
conducting the state's business with a
view of obtaining greater efficiency
and economy.

TRAGEDY IN FEDERAL PRISON

One Convict Cuts Another's Throat
While They Are in Line.Leavenworth, Kan., April 11.—Using
a knife he had made from a piece of
iron a prisoner in the federal prison
here, whose name is said to be Alfred
Moore, stabbed and fatally wounded
Joe Love, a fellow prisoner.The men were being marched to
work, Moore in the rear of Love, when
suddenly Moore reached forward and
slashed the other man's throat. It is
not known what caused the attack.Moore was sentenced to the prison
from Washington, D. C. to serve a
seven-year sentence for assault, Love,
whose home is in Jefferson City, Mo.,
is serving a twenty-five-year sentence.FREE WOOL WILL
SATISFY SENATE

Unusual Instruction to Woman Who

from that man," was the unusual in-
struction from Municipal Court Judge
Backus to Mrs. August Tomrell while
she stood trembling at the side of her
husband, a giant, who frowned upon
her.Tomrell was charged with being the
drone of the family, his wife being
forced to earn money for a living."He drinks heavily and I know he
will squander my property," said the
woman.Tomrell was given six months in

Prince's Election Contested.

Duluth, April 11.—W. E. McEwen,
Bernard Silberstein and Marcus L.
Fay filed notices of appeal in district
court contesting the election of W. I.
Prince to the office of mayor of Du-
luth under the new commission gov-
ernment. The actions are an appeal
from the returns as made by the of-
ficial canvassing board on the ground
that errors have been made in every
precinct.

Liquor Greatest Home Wrecker.

Chicago, April 11.—Drinking is the
cause of the wrecking of most homes
whose affairs came under the court of
domestic relations in the last year.
The court is about to close its second
year and Judge Gemmill has nearly
finished the report for that period.
Three thousand six hundred and nine-
ty-nine cases were heard this year.
Nearly 7,000 have been handled in
the two years of the court's exist-
ence.

BOSTON BABIES BEING SOLD

Legislative Committee Told They
Bring From \$2 Up.Boston, April 11.—An active traf-
fic in babies, at prices ranging from \$2
up, is carried on in Boston, according
to Mrs. Charlotte Smith, a social
worker who appeared before the leg-
islative committee on public health in
support of a bill requiring the regis-
tration of midwives.Mrs. Smith declared that she had
bought infants and knew where more
could be purchased at any time."The idol of the home in the Back
Bay," she said, "is a poodle dog. They
run from \$100 to \$1,000, while babies
are being sold at from \$2 to \$10, de-
pending upon whether they are blondes
or brunettes."

tee Are in Accord.

SUGAR SCHEDULE ALSO SAFE

Senators Reserve Right to Amend Oth-
er Provisions in Tariff Measure
When Bill Comes From House—In-
tention Is Not to Make Any General
Increase or Sweeping Changes.Washington, April 11.—The senate's
attitude toward President Wilson and
the new tariff bill became fairly well
defined after another meeting of the
Democratic members of the finance
committee.Briefly the senate committee will
agree to accept the view of the pres-
ident and the house as to free wool
and 1 cent sugar, with the free in
three years attachment, but it will ex-
ercise its right to amend other sched-
ules and provisions.The conference with the president
brought a working agreement, under
which the executive and the senate
leaders have yielded certain points.
The senate Democrats do not purpose
making any general increase in the
rates of the tariff bill, or to make the
senate liable to the charge of having
impeded the efforts of the president
and the house toward tariff reform.Changes will be made in many
schedules, however, the work having
been started with a consideration of
the first one in the bill. Some of the
changes regarded as necessary by the
senate leaders may be carried over to
the house and put into the bill in the
Democratic caucus, still in progress
there.

Contemplate Some Changes.

The senate leaders reserve the right
to make changes after the bill reaches
the senate, when they consider them
necessary to make the tariff revision
more equitable and scientific.The decision to stand with the pres-
ident upon the wool and sugar tariff
issue has brought the various forces
of Democratic control into practical
unity, it is asserted.The fight against free wool, how-
ever, has become more acute at both
ends of the Capitol and several state
delegations in the house are appeal-
ing to Democratic senators for sup-
port in the fight to retain some duty.The Democratic caucus of the house
has reached only the third schedule
of the new bill. Representative Un-
derwood and the other Democratic
tariff leaders are making no apparent
effort to limit debate or hasten a
party decision on the bill.This deliberate progress has raised
the hopes of the wool and sugar in-
terests that they may be able to or-
ganize sufficient strength to change
the bill in the caucus, so that it will
pass the house with at least a small
duty on wool and without the pro-
vision to make sugar free in 1916.This opinion is strengthened by the
attitude of the senate Democrats.
Many of them who favor at least a
small wool and sugar tariff are lend-
ing their influence to the fight in the
house, in the hope that the issue can
be fought out there and will not have
to be settled in the senate.

BUREAU TO STUDY MARKETS

Committee Will Lay Matter Before the
President.Chicago, April 11.—A committee au-
thorized at the closing session of the
conference on marketing and farm
credits will go to Washington in a
few days and present to President
Wilson the conclusions of the 500
scientific agriculturists, financiers and
economists who have met here for
three days. They will appeal for the
establishment by the government of a
bureau for the thorough study of mar-
kets, crops and cost of transporting
food stuffs. They will assert that the
appropriation of \$50,000 for such an
organization, which now is pending,
should be increased to \$1,000,000. They
will ask for federal loans to farmers.

POPE IS MUCH IMPROVED

Speedy Recovery Assured Unless
Complications Develop.Rome, April 11.—The change for
the better in the condition of Pope
Pius X. was absolutely certain and
the amelioration is so marked that if
no complications intervene his speedy
recovery to normal health seems prac-
tically assured.There was a complete absence of
fever and signs that the pope's
strength is beginning to return and
the reappearance of cheerfulness in
the patient are all indications that
even the relapse from influenza which
the pope suffered April 8 has been
mastered.

TWELVE PERSONS HURT.

Fort Scott, Kan., April 11.—
Twelve persons were injured, but
none fatally, when two coaches
and the mail car on the St.Louis and San Francisco rail-
road left the tracks and turned
over, two miles north of Lock-
wood, Mo. Spreading rails
was the cause.

THE WEATHER

Temperature record taken at Gull
lake dam, by caretaker, Arthur L.
Campel.
April 10, maximum 42, minimum
29 above. Rainfall .07 inches.

The Roosevelt idea is not popular
in France where the 1912 birth rate
shows but one birth for every 30
families. This is the lowest record
since 1861.

Long Prairie has started some-
thing and the citizens are wondering
about the finish. Sealed bids are ad-
vertised for by the council for vil-
lage marshal, that body going on the
principle that the cheapest, and not
the best, is what the people want.

"St. Cloud has 300 automobiles and
it has \$10,000 in the banks for each
automobile," says the Journal-
Press of that city. It has been gen-
erally understood that it took a bank
account to successfully own and op-
erate an auto, but it takes the "Buey,
Gritty, Granite City—St. Cloud" to
set the pace.

Plural voting in Belgium is given
as the cause of the political strike in
that country which is gaining such
great proportions and which has al-
ready called out 400,000 men. The
system gives the men the privilege of
voting according to age and the
amount of money or property they
have, the limit being three votes,
and the strike is for equal suffrage.

Some changes and additions to the
newspaper fraternity on the Cuyuna
range are being noted, the latest is
the sale of the Cuyuna Miner to the
Locker-Donahue Co., of Duluth, and
the engagement of B. L. Hollister
who formerly published the Aitkin
Age as manager. The new owners
of the paper are also owners of the
townsite and Bro. Hollister who is a
newspaper man of ability and experi-
ence will give the people of Cuyuna
and the range a good paper and will
also look after the townsite propo-
sition.

A bill has been introduced in the
legislature calling for the expendi-
ture of \$150,000 for a state building

Ayer's Sarsaparilla

Restores healthy functions. No alcohol.
Sold for 60 years.

Ask Your Doctor. J. C. Ayer & Co.,
Lowell, Mass.

and exhibit at the San Francisco ex-
position. This amount of money
could better be expended in Minne-
sota, on good roads for instance, and
the benefit would be largely in ex-
cess of anything that would induce
more of our people to leave Minne-
sota for California. Charity begins
at home. The fat jobs that go with
appropriations for public buildings
of this kind, however, are liable to
warp the judgment of those most in-
terested.

LOCAL NEWS NOTES

CAPT. AMUNDSEN TO LECTURE HERE

Intrepid Discoverer of South Pole to Speak at Opera House, Saturday, April 26

SONS OF NORWAY AUSPICES

Much Interest Being Manifested in Address Which Will be Illustrated With Views

Capt. Raoul Amundsen, the intrepid discoverer of the south pole, will lecture in Brainerd at the opera house on Saturday, April 26, under the auspices of the Sons of Norway.

Much interest is being manifested in the lecture which will be illustrated with numerous views taken by Capt. Amundsen.

His voyage and the experiences of the captain and his crew have been heralded to the world. He has been honored by governments and societies. Much has been read about him and it will be of peculiar interest to see the man himself and hear from his lips the story of the conquest of the unknown, bleak antarctic regions and the discovery of the pole.

The Sons of Norway were only able to secure this attraction for Brainerd by paying a guaranteed sum. Tickets will be sold and every endeavor made to have the opera house filled for the occasion.

Y. M. C. A. ELECTION

Five Members are Re-elected and Two New Accessions to the Board of Directors

The Y. M. C. A. association held its annual meeting last night and five directors, Edward Crust, H. A. Lyddon, John Leak, John Erickson and T. T. Blackburn were re-elected. W. H. Gemmell and John Carlson, who resigned, were succeeded by D. A. Haggard and B. J. Broady.

The ladies of the Episcopal church served a sumptuous banquet. Among the speakers were E. E. Calkins, Assistant State Secretary Mixsell of Minneapolis, C. E. Leak, Louis Hostager, Will Hanna, Mrs. W. A. Fleming responded in behalf of the ladies of the church.

Reports of the secretary and other officers showed that a high degree of efficiency had been attained and that the organization was in very good shape.

Rheumatism as a result of kidney trouble, stiff and aching joints, backache and sore kidneys will all yield to the use of Foley Kidney Pills. They are tonic in action, quick in results, curative always. W. S. Saelton, St. Paul, Ind., says: "I would not take \$100.00 for the relief from kidney trouble I received from one single box of Foley Kidney Pills." H. P. Dunn.—Adv't. mwf

STRIKE SITUATION ON CUYUNA RANGE

Crosby, Minn., April 11.—H. J. Kruse, superintendent of the Rogers Brown Ore Co., in a statement made today says the mining company is paying the Cuyuna range miners as good wages as paid any for such work. This being a new range inducements had been offered them to work here.

The men are now losing daily \$3,500 in wages. The only dissatisfied ones appear to be a lot of young, inexperienced miners. The men with the families, as a rule, are willing to return to work.

Labor Commissioner Albright, of St. Paul, is in conference with the miners and the mine owners.

There is no disorder. It is generally believed that all mines will resume work within a few days.

The miners have some kind of an organization, but it is difficult to ascertain what their affiliations are. The committee of eight, in a way, acts as spokesman for the miners.

Sheriff Reid, of Brainerd, is on the range and in close touch with the whole situation.

Chester D. Tripp, general manager of the Rogers, Brown Ore Co., arrived from Chicago Thursday night on the Soo train.

A Card

This is to certify that all drug-gists are authorized to refund your money if Foley's Honey and Tar Compound fails to cure your cough or cold. John Bernet, Tell, Wis., states: "I used Foley's Honey and Tar Compound for five years, and it always cures a cough or cold." Refuse substitutes. H. P. Dunn, druggist.—Adv't. mwf

PILES CURED IN 6 TO 14 DAYS

Your druggist will refund money if PAZO OINTMENT fails to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days. 50c.

His Dilemma.

"Miss Angie has put me in a very embarrassing position, as far as court-ing another girl is concerned."

"How is that?"

"She will neither keep my love nor return it."—Baltimore American.

DR. F. J. SYKORA SIGNALLY HONORED

Asked to Become One of Faculty of Rockefeller Institute of Medical Research, N. Y.

AT INITIAL SALARY OF \$5,000

This Institute Very Successful With Young Scientists, Dr. A. Carrel Winning Nobel Prize

Dr. F. J. Sykora, of this city, has been signally honored by the Rockefeller Institute of Medical Research, for the young surgeon of Brainerd has received a flattering offer to become a member of the faculty of this great institute founded and endowed by John D. Rockefeller.

A copy of the letter that was sent to the six medical men who have been selected in the United States to become members of this great staff of surgeons was shown the Dispatch by T. T. Coleman whose nephew is an assistant secretary at the institute and reads as follows:

Rockefeller Institute 4-3-13
of Medical Research
Madison Heights,
New York, N. Y.

Dear Sir:

As you doubtless know the institution founded under the munificence of Mr. John D. Rockefeller, millionaire and philanthropist, aims in a special manner to further the cause of bacteriological research. We have been eminently successful with our young scientists, e. g., the Nobel prizeman of 1912, Dr. A. Carrel formerly of Lyons, France.

At a meeting of the council held March 6th, 1913, it was decided to add to our faculty six young medical men, whom we were assured, possessed the talent of original research; among those chosen from about three hundred candidates your name reads in the number selected. We have been in communication with some distinguished members of the fraternity in Minnesota, and the flattering encomiums bestowed on your work and the almost unanimous verdict given by them as to your skill have led us to desire you as an auxiliary to our staff.

If you can see fit to come to us we should like to hear from you immediately, as the executive council only meets twice a year and the next meeting will be held on April 30th. The initial salary is \$5,000 per annum, progressive to the position of associate professor with a salary of \$25,000 per annum.

We have accomplished miracles for suffering humanity since our foundation and we expect with the addition of able men to our faculty to achieve more and more as the years go by.

Hoping that you will see your way to accept our offer and knowing we shall profit by your originality and resource, I am, dear sir, awaiting a favorable reply.

Yours very fraternally,
Simon S. Flexner, M. D. Sec. L. L. D.
Pres. and Sec. to Council.

Dr. Sykora is considering the offer. Its acceptance means a wider field for him, a field where his faculties to benefit mankind will be given world-wide application. It gives a young man like the doctor an opportunity for work of original research which can be carried on without the endless distractions which burden the mind of a physician in general practice. It means honor and fame and the added incentive that one's highest endeavors will be appreciated. It is an opportunity which does not often enter the life of a young man.

DON'T SCOLD CROSS IRRITABLE CHILDREN

If Tongue is Coated Stomach Sour, Breath Feverish, Bowels clogged, give "Syrup of Figs."

Mother! Look at the tongue! see if it is coated. If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, sour stomach, breath bad; has stomackacae, diarrhoea, or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and clogged up with waste and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours the foul, decaying constipated matter, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you will surely have a well and smiling child shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of lucious figs, senna and aromatics, it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Adv't.

DISPATCH ADS PAY—TRY ONE

THE COMMISSION PLAN

It is Taking Deeper Root—Is Traveling Eastward—Jersey City to Vote

Boston Transcript: The idea of a commission form of government appears to be taking deeper and deeper root. It is coming eastward, and attracting the attention of even some of the larger cities. On the 15th of next month Jersey City voters will meet to determine whether they want that method of conducting municipal affairs, and Jersey City is right on the edge of Greater New York and in metropolitan relations intimately associated with it. In fact, one of the leading metropolitan papers says:

"If any impertinent citizen asks why the commission form would not be a good thing for Greater New York it is very hard to answer him." Trenton and Passaic are two New Jersey cities which already have the system. If Jersey City adopts it, Newark is likely to swing into line and eventually the urban interests of the state will be managed by that method. But in two of the states there is evidence of impatience in waiting upon the cities. The proposition of the governor of Kansas to establish a commission consisting of two representatives from each congressional district has been commented on. In Minnesota a bill is before the legislature to make the executive branch consist of the governor and four commissioners, these to appoint all state officers except the lieutenant governor and auditor. These are novel and radical propositions, but they indicate the grip that this idea is having upon the popular imagination.

Beware of Ointments for Catarrh that Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician. The damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Kindergarten Criticism.

The other night a pantomime comedian was in the course of delivering one of the long and not always uniformly funny soliloquies for which he is famed when there came in a lull an unexpected comment from the stalls. It was in the high treble voice of a girl child, and the words, audible on stage and in several parts of the auditorium, were, "Mummy, I wouldn't mind if they pulled down the blind now." It was dramatic criticism of a dramatic kind, and perhaps the outspoken child was not the only person in the house who would have had no objection to a dropping of the curtain.—Glasgow News.

The Concertina.

The concertina dates from the early part of the last century. Its invention was an early indiscretion of Sir Charles Wheatstone of telegraph fame, who took out a patent for it in 1820, the very year in which somebody in Vienna invented that similar instrument, the accordion. The concertina was popularized by Signor Regondi, who had come before the public as a juvenile prodigy with the guitar. At one time no London concert was really complete without him and his concertina, and he astounded the Germans with the music he could get out of it.—Exchange.

Figs Too Heavy to Lift.

There is a fig tree in Oceania with small leaves and flowers, but which bears fruits which are perhaps the largest borne by any tree on earth. These round fruits are sometimes so large that a man cannot lift them. The kernels are eaten roasted like chestnuts, but they are not easily digestible. Then there is the Jack of the Indian archipelago, with a huge trunk and dense foliage on the broad branching summit, while the fruit measures eighteen inches by fifteen. On another tree the leaves are one and a half foot long and one foot wide.—Philadelphia Inquirer.

CUYUNA RANGE POWER CO. PLANS

M. D. Stoner, While at Deerwood, Announces Further Extension Work of the Company

MAY BUILD NEW POLE LINES

Social News of Deerwood and Vicinity—Deerwood Interested in New N. P. Train

Deerwood, Minn., April 11—In an interview with M. D. Stoner, president and general manager of the Cuyuna Range Power company, relative to the future operations of his company, he said: "The fact that we have a proposition before the Brainerd council has not caused us to cease looking for new business. We have solicited contracts to the east and west of Brainerd. If conditions are favorable we shall build a pole line to Aitkin and another west to Staples and perhaps to Verndale and shall pick up business at these points and the territory intervening. The cost of building these two lines will not exceed the cost of acquiring the Brainerd plant and building to that city." Which all goes to show that the Brainerd council may meet and meet and adjourn, etc., but Stoner keeps moving and doing the business. Mr. Stoner expects to be utilizing his water power early in May. Electricity will be furnished Barrows and Oreland some time in May. Among recent contracts secured by the Stoner company is the mine haulage at the Armour No. 1 mine. Current will be furnished for a 125 horsepower motor. The corporation has also been promised the haulage at the Kennedy mine as soon as the necessary machinery can be installed.

Mayor Culver Adams' prompt order to close saloons should any of the striking miners attempt to secure liquor, meets with the approval of the citizens and he is being commended for his prompt action and the stand he has taken.

Edward Lamb is visiting his father, E. A. Lamb and sister, Miss Agnes I. Lamb.

John Doran and family have returned to Seattle, Wash., and will make that city their home. Mrs. Doran is a daughter of Thomas Keating.

Mrs. H. A. Knapp, of Brainerd, has been visiting Mrs. T. F. Cole. Both ladies went to Duluth Thursday for a short visit.

C. H. Adams, of Brainerd, attended to business matters in town Wednesday.

Rev. M. L. Hostager, of Brainerd, held services in Deerwood Thursday. The Norwegian Ladies Aid society will meet with Mrs. Anton Torgerson next Thursday afternoon, April 17.

Mrs. P. A. Gough and son, Percy, is visiting her brother in Chicago. After a short stay there she will go to Harrodsburg, Ky., for a visit with friends.

A large attendance was present at the dance given at Hilyar's hall last Saturday evening, April 5. Knappe's orchestra played. Supper was served at the Shamrock cafe.

The new train service for the Cuyuna range meets with favor in the eyes of Deerwood. It will bring many Brainerd people to the pleasant summer resorts at and near the town.

No matter how long you suffered, or what other remedies have failed to cure, Foley Kidney Pills will surely help you. They are genuinely tonic, strengthening and curative, build up the kidneys and restore their regular action. John Velbert, Foster, Calif., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure." H. P. Dunn, druggist.—Adv't. mwf

ROGER LAKE BRIEFS

A dance will be given at Joe Harrison's old home the 19th of April. Everybody come and have a good time.

The Wm. Moritz family spent Sunday with Mrs. Moritz's mother, Mrs. J. Richter.

Mr. Roy Jones called on Miss Caird Sunday afternoon.

Messrs. Fred Stucke and Henry Robinson were at Fairfield Monday. Miss Ida Bodle, of Ross Lake, and Miss Margaret Moritz have gone to Aitkin to attend school.

Mr. William Stratmeyer called on Miss Lydia Stucke Sunday.

Mr. Roy Jones and Miss Edith Caird spent Sunday evening with the Stucke family.

Messrs. Anton Johnson and son Victor P. Wagnor, Sr., Joe Richter and Henry Robinson spent Sunday at the Stucke home.

"SLIM."

Recommended for a Good Reason
C. H. Grant, 230 Waverly St., Peoria, Ill., says: "Backache and congested kidneys made me suffer intense pains. Was always tired and floating specks bothered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. That's why I recommend Foley Kidney Pills. They cured me." H. P. Dunn, druggist.—Adv't. mwf

Doing Right.
If people resolutely do what is right, in time they come to like doing it.—Ruskin.

LOERCH ITEMS

Mr. Sather called at Aspholm's last Friday on business.

Arthur Fisher was seen on the streets of Loerch last week. When did he arrive?

Mrs. Bergeman was in Brainerd last Friday.

Arthur Dullum was calling at Aspholm's last Saturday.

Mr. and Mrs. A. H. Aspholm were in Brainerd last Saturday.

Oscar Dullum was in Brainerd between trains last Thursday.

The Parson & Peterson company are sawing wood for Mr. Aspholm. They expect to be through by the 4th of July, at least.

Mrs. Sather called at Dullum's last Monday.

Misses Margaret and Clara Bergeman and Betty Johnson were visiting at Sather's Sunday.

Messrs. Andrew and Daniel Peterson, Harry Anderson and Ray Murray were down spearing fish one day last week. All they got was "got home wet."

The Parson & Peterson company has had about a week's lay off, and they are trying to make up for lost time. Hustle up you fellows, the Fourth is soon here!

Rose and Nora Sargent were visiting at Miller's last Sunday.

Maybelle and Erwin Dullum called at Aspholm's last Tuesday evening.

"Little Ole" can probably play ball, but you bet he can't play "500."

Peter Lewis was in Brainerd last Saturday.

Oscar Dullum went to Wright, Minn., last Sunday.

Tom Pederson was in Brainerd last Monday.

Those who went to Brainerd from Loerch last Sunday were Miss Gladys Trommald, Messrs. Erwin and Oscar Dullum and Ole Peterson.

Gladys Trommald was visiting at Loerch last Saturday and Sunday.

Betty and Arthur Johnson were in Brainerd last Saturday.

Mr. and Mrs. Leckscheidt and daughter Anna were in Brainerd last Tuesday to see Mrs. Lien, who is seriously ill.

Mr. Miller called at Aspholm's last Tuesday evening.

Mr. Sather was butchering at Bergeman's last Monday.

"OLD LADY."

There is no case on record of a cough, cold or lagrippe developing into bronchitis, pneumonia or consumption after Foley's Honey and Tar Compound has been taken. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn, druggist.—Adv't. mwf

PINE KNOLL

Geo. Warriner called on Benson's Monday.

Mrs. Ben Welton and son Earl, left for the cities last week where they will visit for a short time with relatives and friends.

Mr. and Mrs. Frank Lord were Aitkin visitors Friday.

Oscar Harrison and Henry Wagner called at Terry's Tuesday.

It is reported that Mary Johnson has the measles. This is no time for the measles, Mary. Cheer up! KIDDO.

Must You Be Bald?
What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff, if your hair is falling out and your scalp is not clean and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and \$1.00 a bottle. You can buy Rexall "93" Hair Tonic in this community only at our store:

TO BE HEARD IN CROSBY

Miss Alice Ruth O'Connell of Minneapolis, Gives Popular Program There April 17

Miss Alice Ruth O'Connell, of the Minneapolis School of Music, Oratory and Dramatic Art, will be heard in one of her popular programs in Crosby on Thursday, April 17.

This distinguished reader gave a most delightful program before the Brainerd Musical club some years ago and pleased the members to the utmost. She needs no introduction in Crosby where she has scores of admirers.

She has filled many engagements since, and everywhere leaves the impression of a well trained, able reader who has command of humor, pathos and every tragic effort.

Miss O'Connell will be assisted by the best of local musical talent. The proceeds will be for the benefit of the Crosby-Ironton Catholic church.

PLANS RADICAL
POSTAL CHANGESGeneral Burleson Intends Re-
organizing Department.

WILL ELIMINATE POLITICS

Scheme Contemplates Placing All Postmasters Under Civil Service and Requiring Examination for Admission, Retention and Promotion—Favors Transferring Incumbents From One City to Another.

Washington, April 11.—Postmaster General Burleson has determined to effect the most radical reorganization of the postal service ever proposed in the history of civil service reform in this country. The plan upon which he is at work is distinguished by these features:

All postmasters shall be placed under civil service and required to pass examination for admission, retention and promotion.

Postmasters shall be appointed and transferred without regard to locality, so that, for example, a resident of San Francisco could be made postmaster of New York, and a resident of Duluth postmaster of New Orleans.

The new postmaster general has told his friends that his highest ambition is to take the postoffice department completely out of politics and make it an organization of the highest business efficiency.

President Commends Plan.

He has submitted an outline of his plan to President Wilson, who has commended it enthusiastically and assured him that all the influence the administration possesses will be used to put it into effect.

Mr. Burleson has reached the conclusion that politics is a blight on the postal service. Postmasters are appointed as a reward for political services and not for their fitness to discharge the duties of the position efficiently and economically. The result is that in ninety-nine cases out of one hundred the political postmaster takes the appointment merely as a perquisite.

The postmaster general believes postmasters should be a professional class, trained in their duties and devoted to the service as a life work. He thinks a postmaster should not be restricted to one locality, but should be promoted from the smaller to larger communities, according to ability displayed.

Proposes Civil Service Test.

The postmaster general has decided to subject all fourth class postmasters to a civil service test. Those who pass it will be retained and those who do not will be relieved. This examination will be open to outsiders also and an eligible list of fourth class postmasters will be established. Vacancies will be filled from the list.

It is Mr. Burleson's intention in the appointment of fourth class postmasters to experiment with the proposition of ignoring geographical considerations. Wherever a vacancy occurs the man at the top of the eligible list will be appointed, regardless of the fact that he does not reside in the community affected.

If this scheme works well Mr. Burleson will ask congress to enact legislation placing the first, second and third class postmasters under similar civil service regulations and subject to assignment without regard to locality.

DECLARES NAVY INADEQUATE

Captain Hood Severely Criticizes Ex-
isting Policy.

Washington, April 11.—Not one of the thirty-one battleships and twenty-four destroyers that constituted the fighting force of 127 vessels which assembled for review in New York harbor last October was ready for war, Captain John Hood, then captain of the dreadnought Delaware, the pennant ship of the fleet, told the Navy league at its session here. Captain Hood, now a member of the navy general board, gave his views on the desirable naval policy.

"At no time has our fleet been developed along lines of consistent thought to meet a definite end," said Captain Hood, "which should be the guarantee of a nation's peace. Today we have a fleet too small and heterogeneous to meet the ends which justify its maintenance and too large to be carried as a burden for a plaything."

BELGIAN STRIKE CERTAIN

Workmen Have Benefit Fund of About
\$3,000,000.

Brussels, April 11.—All the hopes that the general strike for manhood suffrage would be averted have vanished and it now seems certain that the most sweeping attempt yet made to apply the methods of organized labor for purely political ends will begin Monday.

The strike fund now amounts to approximately \$3,000,000 and fresh contributions from home and abroad are pouring in hourly. The Belgian cigar workers of Boston, Olneyville and Manchester, United States of America, have sent \$7,000.

Manhattan Island.

In the past 100 years the real estate of Manhattan Island has increased in value 7,670 per cent.

SERVIAN TROOPS
WILL WITHDRAWInvestment of Scutari Nearing
an End.

RUSSIAN ADVICE IS HEEDED

Czar's Government Issues Long Communication Explaining Efforts of European Powers to Arrange Settlement of Balkan Problem and Justifying Annexation of Scutari to Albania.

London, April 11.—Indications of a peaceful Balkan settlement continue favorable. The Belgrade correspondent of the Daily Telegraph asserts that Serbia has decided on Russia's advice to withdraw all the Serbian troops now investing Scutari.

The international blockade of the coast between Antivari and the Drin river began at 8 o'clock Thursday morning. All ships within the blockade were allowed forty-eight hours in which to depart.

The Russian government issued a long official communication explaining the efforts of the powers to arrange a settlement of the Balkan problem and justifying Russia's consent to the annexation of Scutari to Albania on the grounds that this is necessary in order to preserve peace and because Scutari is purely an Albanian town, the annexation of which by Montenegro would only prove a source of embarrassment and difficulty, weakening, instead of strengthening Montenegro.

King Nicholas Criticized.

In the communication it is charged that King Nicholas broke the engagement into which he entered to obtain Russia's consent before resorting to war. It adds:

"Nevertheless, the Russian emperor magnanimously assisted Montenegro to attain its legitimate aims and warned King Nicholas that pursuit of personal aims with respect to Scutari would only condemn his people to useless massacre."

"These warnings were ignored, apparently because King Nicholas believed that continued resistance would embroil Russia and the great powers in a European war. Russia, therefore, was compelled to act in concert with the powers in coercing Montenegro, but still hopes that the display of international naval power will induce Montenegro to bow to the will of Europe, in which case the powers will find means of alleviating the lot of the Montenegrin people who are overwhelmed by the excessive sacrifices entailed by the siege of Scutari."

FLOOD CONDITIONS IMPROVE

Some Southern Towns, However, Are
Still in Danger.

Memphis, Tenn., April 11.—Optimism marked expressions of those in charge of the battle to hold the levees in the central section of the Mississippi valley against the flood swollen river. Conditions, while still grave, were generally more hopeful.

Two gaps in the levee near Wilson, Ark., are serving as outlets for a great volume of water, relieving the strain on the embankments south of that point.

North of Wilson, at Osceola, Luxora and Barfield, the situation is still critical.

South of Memphis preparations are being made for a hard fight near Helena and the levee just north of Beulah, Miss., has shown signs of weakening.

BRIGHT FUTURE FOR DULUTH

Governor Eberhart Makes Prediction
at Banquet.

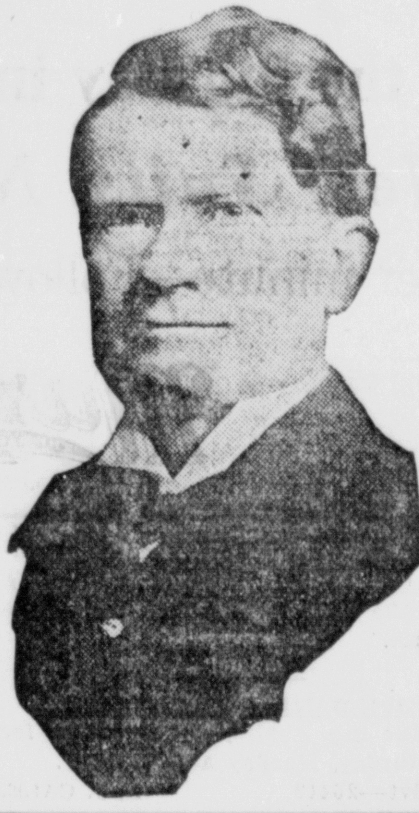

Duluth, April 11.—Governor Eberhart made the prediction at the annual banquet of the West Duluth Commercial club, where he was the guest of honor, that on account of the industries the steel plant will bring here, Duluth soon will become the metropolis of the state.

He said that the commission form of government should be adopted in every city in the state and declared that, after visiting the schools here, he was of the opinion the stork should be the national bird.

FLAGLER GROWS WEAKER.

West Palm Beach, Fla., April 11.—The condition of Henry M. Flagler is said to show no material change. During the last few days he has been unconscious part of the time and is said to be growing slightly weaker each day. Mr. Flagler has been seriously ill at his home here for several weeks. He is more than seventy years old and for this reason grave doubts are entertained for his recovery.

S. F. PROUTY.

Iowa Congressman Has
Bill to Prevent Panics.

BILL TO PREVENT PANICS

Representative Prouty of Iowa Intro-
duces Measure.

Washington, April 11.—A bill introduced by Representative Prouty of Iowa would provide national banks with over half a billion dollars of emergency currency and, in Mr. Prouty's opinion, absolutely prevent panics. He says it has the approval of treasury experts whom he has consulted.

"This bill, as its title shows, is intended purely to create an emergency currency," said Representative Prouty. "It provides that the comptroller of the currency shall have printed for the various national banks emergency currency equal to one-half their capital stock. This is to be delivered only to thoroughly solvent banks that have 20 per cent or more surplus and are in good financial condition."

MODIFIES ORDER
REGARDING NEWSSecretary of the Treasury Al-
ters His Instructions.

Washington, April 11.—Secretary McAdoo of the treasury department practically rescinded his previous order by which subordinates were forbidden to give out news, except through the secretary's office. The secretary issued the following amendatory instructions to his assistants:

"The secretary's memorandum with reference to giving out news was not intended to prevent the publication of routine matters of intimate interest to the public. Heads of bureaus and chiefs of division may give to representatives of the press any ordinary news, but matter involving views of policy or reforms in the department should be submitted to the secretary for his approval."

HAWAII TALKS SECESSION

Petition Is Being Prepared Asking
Independence.

Honolulu, April 11.—The Star-Bulletin says that a petition is being prepared declaring that "whereas, Hawaii is commercially unable to exist under free sugar, it be allowed to withdraw from the Union and resume its previous status of independence, if a free sugar provision be enacted by congress."

The Star-Bulletin says the petition is being drafted by an attorney engaged by leading business men and that the latter are giving it earnest support. It will be put into circulation as soon as the draft is completed.

TAKES CUE FROM OLSON CASE

Milwaukee Negro Slays Alleged In-
vader of His Home.

Milwaukee, April 11.—"I watched the Olson case at St. Paul and came to the conclusion to kill the man who devastated my home," said Edward Scott, a colored "bellboy" in a local hotel, after he shot and instantly killed Charles Carter, also colored.

Carter was inveigled to the front door of his home and, upon seeing his victim through the plate glass of the door, Scott whipped out a gun and fired. Scott was arrested, but shows no remorse.

WRECK ON MEXICAN ROAD

Twenty Passengers Killed and Forty
Injured.

Mexico City, April 11.—Twenty passengers were killed and forty injured in a wreck on the Mexican Central railway near Tulsa, state of Hidalgo, because the engineer yielded to the importunities of the passengers.

The engineer, fearing to run into rebels, was moving cautiously. The passengers were similarly apprehensive, but, believing that greater safety lay in great speed, induced the conductor and engineer to consent to full steam.

The train was ditched on a curve.

WOULD ANNEX A
PART OF MEXICOGroups of Americans Said to
Have Plotted.

NOW OPPOSED TO HUERTA.

Persons in United States Having Share of Great Interests in Southern Republic Believed to Have Aided Revolution Against Madero and Now the One Against Huerta.

By ARTHUR W. DUNN.

Washington, April 11.—[Special.]—Annexation of the northern provinces of Mexico is the scheme of those who have had a finger in the revolutions on the other side of the Rio Grande. Back as far as the Madero revolution it was discovered that the annexation crowd was among those opposing him. Plots against Madero were aided by Americans who wanted the northern states of Mexico annexed, and now it appears that revolution against Huerta is encouraged because he stands in the way of annexation or separation of any part of Mexico, as any ruler of that country must.

American Interests.

Senator Fall of New Mexico, who is better informed on Mexican affairs than any man in public life, says that Americans own 43 per cent of the total wealth of Mexico. The money to him gives at \$1,057,000,000, and also he says that 77 per cent of the Mexican railroad bonds and stocks are owned by Americans.

Senator Fall estimates the damage done to American interests by the revolutions at \$800,000,000. He says that the Americans own most of the shares of the mining stocks. The Americans would favor annexation, except that Mexican mining laws are much more liberal than those of the United States.

The Surprising Fact.

In view of the great interests which Americans have in Mexico it is surprising that intervention has been held off so long. Only the fact that the United States had enough of war with inferior peoples has stood in the way of a Mexican invasion. Our people are nearly all against mixing in Mexico with an army.

Advising the President.

President Wilson is receiving a lot of advice these days as to what he should recommend congress to do. There are many organizations which seem to be a sort of factory for advising national legislation. There are many measures which failed in the last congress which seem to have strong supporters as the new session begins, and efforts are being made to enlist the president's aid.

One organization alone wants legislation for federal and interstate employees receiving injuries; giving states the right of appeal to the supreme court; eight hour law for women in Washington; a department of health bill; immigration restriction; several bills for American seamen; the preventing of shipment of convict made goods by interstate commerce and a national commission to investigate jails. That is a pretty good list to turn into the congressional mill.

A President's Limitations.

President Wilson might be able to get through some of these measures, but others are impossible. There are limits even to a president's activities. The president has been told that, while he may regard the tariff and currency important, they are not so important as those which touch upon the welfare of humanity.

Though Mr. Wilson has not been told to abandon his tariff and currency projects, it has been suggested that he have congress give attention to these matters which pertain to human interests. But even a powerful president cannot do the impossible.

Still After Levy.

The fact that Mrs. Martin W. Littleton is no longer the wife of a member of congress has not put an end to her campaign to compel Jefferson Levy make over Monticello to the United States government. Mrs. Littleton is carrying her campaign right to the doors of the White House and hopes for presidential help.

Treasurer Burke.

Former Governor Burke of North Dakota is now treasurer of the United States. No one pays much attention at the office. General F. E. Spinner made himself and the place famous on account of his peculiar signature. It has never amounted to much since, although it carries a considerable responsibility.

Burke came very nearly being the vice president. There was a time when it looked as if he might be nominated with Wilson.

The Postoffice Department.

Mrs. Burleson, wife of the postmaster general, received a letter recently which had taken something like four days to reach her, although it was written by a friend living within a mile. "Of course," remarked Mrs. Burleson in the presence of her husband, "the present administration of the postoffice department is responsible for that kind of service," and the P. M. G. could not deny it. "We will have to see whether the service is as bad as that for other people," he said, "for it is the people who must be served."

London Barbers.

A shave in a London barber shop costs 4 to 12 cents, a hair cut 8 to 24 cents.

GENERAL BLISS.

Again Issues a Warning
to Mexican Commanders.

Photo by American Press Association.

WARNS MEXICAN OFFICERS

General Bliss Objects to Firing Over
Boundary.

Washington, April 11.—Brigadier General Bliss, in command of the American forces on the Mexican frontier, reported to the war department that, in consequence of repeated firing of Mexican bullets into American territory, he again had warned the commanders of the Constitutionalists and the federal forces now battling at Naco, Mex., that further firing across the border would not be tolerated. Both of the commanders, he said, had promised to do their utmost to prevent cause for complaint in future.

GOVERNMENT MAY
TAKE HOLD OF LINESOpposes Dissolution Plan of
Harriman Roads.

Washington, April 11.—There is a probability of the government taking charge of the properties of the Union Pacific-Southern Pacific merger through a receivership, if the United States court at St. Louis does not approve the new plan of dissolution, rejected by Attorney General McReynolds.

It developed that there is serious doubt among officials of the department of justice as to the power of the St. Louis court to extend the time limit given by the supreme court within which to accomplish the disintegration under the Sherman law.

The railroads have until May 10 to present a plan of dissolution acceptable to the court. Failing to comply with this condition the supreme court provided for the settlement of the question by government receivership.

Mr. McReynolds was advised that the railroad hopes to submit its plan to the court April 21. The attorney general will oppose its approval, though he may not go to St. Louis.

STRENGTHEN CIGARETTE LAW

Senate Bill Puts Enforcement Up to
Dairy Inspectors.

St. Paul, April 11.—The house passed Representative M. J. Sullivan's bill amending the anti-cigarette law so as to place the enforcement of the law in the hands of the state dairy and food commissioner. Inspectors of the department may bring prosecutions whenever cigarettes are found in the possession of tobacco dealers, if the senate passes the bill.

"The Woodmen's emancipation bill," previously passed by the house, was passed by the senate by a vote of 40 to 17. The bill is an entirely different measure from the one that came from the house, however, and must go back to the house for concurrence in a number of amendments.

The house passed Senator John Moanan's bill for a constitutional amendment for the recall of all public officials, elective and appointive. The vote for the bill was 82 to 6.

The house passed the Wefald efficiency committee bill, the vote being 85 to 18. It provides for a commission to investigate the methods of conducting the state's business with a view of obtaining greater efficiency and economy.

TRAGEDY IN FEDERAL PRISON

One Convict Cuts Another's Throat
While They Are in Line.

Leavenworth, Kan., April 11.—Using a knife he had made from a piece of iron a prisoner in the federal prison here, whose name is said to be Alfred Moore, stabbed and fatally wounded Joe Love, a fellow prisoner.

The men were being marched to work, Moore in the rear of Love, when suddenly Moore reached forward and slashed the other man's throat. It is not known what caused the attack.

Moore was sentenced to the prison from Washington, D. C., to serve a seven-year sentence for assault, Love, whose home is in Jefferson City, Mo., is serving a twenty-five-year sentence.

FREE WOOL WILL
SATISFY SENATE

JUDGE ADVISES A DIVORCE

Unusual Instruction to Woman Who
Has Lazy Husband Arrested.

Milwaukee, April 11.—"Get a divorce from that man," was the unusual instruction from Municipal Court Judge Backus to Mrs. August Tomrell while she stood trembling at the side of her husband, a giant, who frowned upon her.

Tomrell was charged with being the drone of the family, his wife being forced to earn money for a living.

"He drinks heavily and I know he will squander my property," said the woman.

Tomrell was given six months in the workhouse.

Prince's Election Contested.

Duluth, April 11.—W. E. McEwen, Bernard Silberstein and Marcus L. Fay filed notices of appeal in district court contesting the election of W. I. Prince to the office of mayor of Duluth under the new commission government. The actions are an appeal from the returns as made by the official canvassing board on the ground that errors have been made in every precinct.

Liquor Greatest Home Wrecker.

Chicago, April 11.—Drinking is the cause of the wrecking of most homes whose affairs came under the court of domestic relations in the last year. The court is about to close its second year and Judge Gemmill has nearly finished the report for that period. Three thousand six hundred and ninety-nine cases were heard this year. Nearly 7,000 have been handled in the two years of the court's existence.

BOSTON BABIES BEING SOLD

Legislative Committee Told They
Bring From \$2 Up.

Boston, April 11.—An active traffic in babies, at prices ranging from \$2 up, is carried on in Boston, according to Mrs. Charlotte Smith, a social worker who appeared before the legislative committee on public health in support of a bill requiring the registration of midwives.

Mrs. Smith declared that she had bought infants and knew where more could be purchased at any time.

"The idol of the home in the Back Bay," she said, "is a poodle dog. They run from \$100 to \$1,000, while babies are being sold at from \$2 to \$10, depending upon whether they are blondes or brunettes."

Democrats on Finance Commit-
tee Are in Accord.

SUGAR SCHEDULE ALSO SAFE

Senators Reserve Right to Amend Other Provisions in Tariff Measure When Bill Comes From House—Intention Is Not to Make Any General Increase or Sweeping Changes.

Washington, April 11.—The senate's attitude toward President Wilson and the new tariff bill became fairly well defined after another meeting of the Democratic members of the finance committee.

Briefly the senate committee will agree to accept the view of the president and the house as to free wool and 1 cent sugar, with the free in three years attachment, but it will exercise its right to amend other schedules and provisions.

The conference with the president brought a working agreement, under which the executive and the senate leaders have yielded certain points. The senate Democrats do not purpose making any general increase in the rates of the tariff bill, or to make the senate liable to the charge of having impeded the efforts of the president and the house toward tariff reform.

Changes will be made in many schedules, however, the work having been started with a consideration of the first one in the bill. Some of the changes regarded as necessary by the senate leaders may be carried over to the house and put into the bill in the Democratic caucus, still in progress there.

Contemplate Some Changes.

The senate leaders reserve the right to make changes after the bill reaches the senate, when they consider them necessary to make the tariff revision more equitable and scientific.

The decision to stand with the president upon the wool and sugar tariff issue has brought the various forces of Democratic control into practical unity, it is asserted.

The fight against free wool, however, has become more acute at both ends of the Capitol and several state delegations in the house are appealing to Democratic senators for support in the fight to retain some duty.

The Democratic caucus of the house has reached only the third schedule of the new bill. Representative Underwood and the other Democratic tariff leaders are making no apparent effort to limit debate or hasten a party decision on the bill.

This deliberate progress has raised the hopes of the wool and sugar interests that they may be able to organize sufficient strength to change the bill in the caucus, so that it will pass the house with at least a small duty on wool and without the provision to make sugar free in 1916.

This opinion is strengthened by the attitude of the senate Democrats. Many of them who favor at least a small wool and sugar tariff are lending their influence to the fight in the house, in the hope that the issue can be fought out there and will not have to be settled in the senate.

BUREAU TO STUDY MARKETS

Committee Will Lay Matter Before the
President.

Chicago, April 11.—A committee authorized at the closing session of the conference on marketing and farm credits will go to Washington in a few days and present to President Wilson the conclusions of the 500 scientific agriculturists, financiers and economists who have met here for three days. They will appeal for the establishment by the government of a bureau for the thorough study of markets, crops and cost of transporting food stuffs. They will assert that the appropriation of \$50,000 for such an organization, which now is pending, should be increased to \$1,000,000. They will ask for federal loans to farmers.

POPE IS MUCH IMPROVED

Speedy Recovery Assured Unless
Complications Develop.

Rome, April 11.—The change for the better in the condition of Pope Pius X. was absolutely certain and the amelioration is so marked that if no complications intervene his speedy recovery to normal health seems practically assured.

There was a complete absence of fever and signs that the pope's strength is beginning to return and the reappearance of cheerfulness in the patient are all indications that even the relapse from influenza which the pope suffered April 8 has been mastered.

Twelve Persons Hurt.
Fort Scott, Kan., April 11.—Twelve persons were injured, none fatally, when two coaches and the mail car on the St. Louis and San Francisco railroad left the tracks and turned over, two miles north of Lockwood, Mo. Spreading rails was the cause.

FRIDAY, APRIL 11, 1913.

THE WEATHER

Temperature record taken at Gull lake dam, by caretaker, Arthur L. Kampel.

April 10, maximum 42, minimum 29 above. Rainfall .07 inches.

The Roosevelt idea is not popular in France where the 1912 birth rate shows but one birth for every 30 families. This is the lowest record since 1861.

Long Prairie has started something and the citizens are wondering about the finish. Sealed bids are advertised for by the council for village marshal, that body going on the principle that the cheapest, and not the best, is what the people want.

"St. Cloud has 300 automobiles and it has \$10,000 in the banks for each automobile," says the Journal-Press of that city. It has been generally understood that it took a bank account to successfully own and operate an auto, but it takes the "Buey, Gritty, Granite City—St. Cloud" to set the pace.

Plural voting in Belgium is given as the cause of the political strike in that country which is gaining such great proportions and which has already called out 400,000 men. The system gives the men the privilege of voting according to age and the amount of money or property they have, the limit being three votes, and the strike is for equal suffrage.

Some changes and additions to the newspaper fraternity on the Cuyuna range are being noted, the latest is the sale of the Cuyuna Miner to the Locker-Donahue Co., of Duluth, and the engagement of B. L. Hollister who formerly published the Aitkin Age as manager. The new owners of the paper are also owners of the townsite and Bro. Hollister who is a newspaper man of ability and experience will give the people of Cuyuna and the range a good paper and will also look after the townsite proposition.

A bill has been introduced in the legislature calling for the expenditure of \$150,000 for a state building.

Ayer's Sarsaparilla

Ask Your Doctor.

and exhibit at the San Francisco exposition. This amount of money could better be expended in Minnesota, on good roads for instance, and the benefit would be largely in excess of anything that would induce more of our people to leave Minnesota for California. Charity begins at home. The fat jobs that go with appropriations for public buildings of this kind, however, are liable to warp the judgment of those most interested.

LOCAL NEWS NOTES

R. C. Jamison went to Loerch this afternoon.

Louis Hostager went to Bemidji this afternoon.

George D. LaBar went to Duluth this afternoon.

Dr. Merwyn B. Purdy went to Deerwood this afternoon.

Store your stoves and household goods with D. M. Clark & Co.—Adv.

R. E. Snell, of Pine River, is in the city attending to land business.

CAPT. AMUNDSEN TO LECTURE HERE

Intrepid Discoverer of South Pole
to Speak at Opera House, Sat-
day, April 26

SONS OF NORWAY AUSPICES

Much Interest Being Manifested in
Address Which Will be Illus-
trated With Views

Capt. Raoul Amundsen, the intrep-
id discoverer of the south pole, will
lecture in Brainerd at the opera
house on Saturday, April 26, under
the auspices of the Sons of Norway.

Much interest is being manifested
in the lecture which will be illus-
trated with numerous views taken
by Capt. Amundsen.

His voyage and the experiences of
the captain and his crew have been
heralded to the world. He has been
honored by governments and socie-
ties. Much has been read about him
and it will be of peculiar interest to
see the man himself and hear from
his lips the story of the conquest of
the unknown, bleak antarctic re-
gions and the discovery of the pole.

The Sons of Norway were only
able to secure this attraction for
Brainerd by paying a guaranteed sum
Tickets will be sold and every en-
deavor made to have the opera house
filled for the occasion.

Y. M. C. A. ELECTION

Five Members are Re-elected and
Two New Accessions to the
Board of Directors

The Y. M. C. A. association held
its annual meeting last night and
five directors, Edward Crust, H. A.
Lyndon, John Leak, John Erickson
and T. T. Blackburn were re-elected.
W. H. Gemmell and John Carlson,
who resigned, were succeeded by D.
A. Haggard and B. J. Broadly.

The ladies of the Episcopal church
served a sumptuous banquet. Among
the speakers were E. E. Calkins, As-
sistant State Secretary Mixsell of
Minneapolis, C. E. Leak, Louis Hos-
tater, Will Hanna. Mrs. W. A. Flem-
ing responded in behalf of the ladies
of the church.

Reports of the secretary and other
officers showed that a high degree
of efficiency had been attained and
that the organization was in very
good shape.

Rheumatism as a result of kidney
trouble, stiff and aching joints, back-
ache and sore kidneys will all yield
to the use of Foley Kidney Pills.
They are tonic in action, quick in re-
sults, curative always. W. S. Sac-
ton, Stanley, Ind., says: "I would
not take \$100.00 for the relief from
kidney trouble I received from one
single box of Foley Kidney Pills." H.
P. Dunn.—Adv.

STRIKE SITUATION ON CUYUNA RANGE

Crosby, Minn., April 11.—H. J.
Kruse, superintendent of the Rogers
Brown Ore Co., in a statement made
today says the mining company is
paying the Cuyuna range miners as
good wages as paid any for such
work. This being a new range in-
ducements had been offered them to
work here.

The men are now losing daily \$3-
500 in wages. The only dissatisfied
ones appear to be a lot of young, in-
experienced miners. The men with
the families, as a rule, are willing to
return to work.

Labor Commissioner Allbright, of
St. Paul, is in conference with the
miners and the mine owners.

There is no disorder. It is gen-
erally believed that all mines will
resume work within a few days.
The miners have some kind of an
organization, but it is difficult to as-
certain what their affiliations are.
The committee of eight, in a way,
acts as spokesman for the miners.
Sheriff Reid, of Brainerd, is on the
range and in close touch with the
whole situation.

Chester D. Tripp, general manager
of the Rogers, Brown Ore Co., ar-
rived from Chicago Thursday night
on the Soo train.

A Card

This is to certify that all drug-
gists are authorized to refund your
money if Foley's Honey and Tar Com-
pound fails to cure your cough or cold.
John Bernet, Tell, Wis., states: "I
used Foley's Honey and Tar Com-
pound for five years, and it always
cures a cough or cold." Refuse sub-
stitutes. H. P. Dunn, druggist.—

His Dilemma.

"Miss Angie has put me in a very
embarrassing position, as far as court-
ing another girl is concerned."

"How is that?"

"She will neither keep my love nor
return it."—Baltimore American.

DR. F. J. SYKORA SIGNALLY HONORED

Asked to Become One of Faculty of
Rockefeller Institute of Med-
ical Research, N. Y.

AT INITIAL SALARY OF \$5,000

This Institute Very Successful With
Young Scientists, Dr. A. Carrel
Winning Nobel Prize

Dr. F. J. Sykora, of this city, has
been signally honored by the Rocke-
feller Institute of Medical Research,
for the young surgeon of Brainerd
has received a flattering offer to be-
come a member of the faculty of this
great institute founded and en-
dowed by John D. Rockefeller.

A copy of the letter that was sent
to the six medical men who have
been selected in the United States to
become members of this great staff
of surgeons was shown the Dispatch
by T. T. Coleman whose nephew is an
assistant secretary at the institute
and reads as follows:
Rockefeller Institute 4-3-13
of Medical Research
Madison Heights,
New York, N. Y.

Dear Sir:

As you doubtless know the institu-
tion founded under the munificence
of Mr. John D. Rockefeller, million-
aire and philanthropist, aims in a
special manner to further the cause
of bacteriological research. We
have been eminently successful with
our young scientists, e. g., the Nobel
prizeman of 1912, Dr. A. Carrel for-
merly of Lyons, France.

At a meeting of the council held
March 6th, 1913, it was decided to
add to our faculty six young medical
men, whom we were assured, pos-
sessed the talent of original research;
among those chosen from about three
hundred candidates your name reads
in the number selected. We have
been in communication with some
distinguished members of the frater-
nity in Minnesota, and the flatter-
ing encomiums bestowed on your
work and the almost unanimous ver-
dict given by them as to your skill
have led us to desire you as an aux-
iliary to our staff.

If you can see fit to come to us
we should like to hear from you im-
mediately, as the executive council only
meets twice a year and the next
meeting will be held on April 30th.
The initial salary is \$5,000 per an-
num, progressive to the position of
associate professor with a salary of
\$25,000 per annum.

We have accomplished miracles for
suffering humanity since our founda-
tion and we expect with the addi-
tion of able men to our faculty to
achieve more and more as the years
go by.

Hoping that you will see your way
to accept our offer and knowing we
shall profit by your originality and
resource, I am, dear sir, awaiting a
favorable reply.

Yours very fraternally,
Simon S. Flexner, M. D. Sc. L. L. D.
Pres. and Sec. to Council.

Dr. Sykora is considering the offer.
Its acceptance means a wider
field for him, a field where his fac-
ilities to benefit mankind will be
given world-wide application. It
gives a young man like the doctor an
opportunity for work of original re-
search which can be carried on with-
out the endless distractions which
burden the mind of a physician in
general practice. It means honor
and fame and the added incentive
that one's highest endeavors will be
appreciated. It is an opportunity
which does not often enter the life
of a young man.

DON'T SCOLD CROSS IRRITABLE CHILDREN

If Tongue is Coated Stomach Sour,
Breath Feverish, Bowels clogged,
give "Syrup of Figs."

Mother! Look at the tongue! see if
it is coated. If your child is listless,
drooping, isn't sleeping well, is rest-
less, doesn't eat heartily or is cross,
irritable, out of sorts with everybody,
stomach sour, feverish, sour stomach,
breath bad; has stomackacne, diar-
rhoea, or is full of cold, it means the
little one's stomach, liver and 30 feet
of bowels are filled with poisons and
clogged up with waste and need a
gentle, thorough cleansing at once.
Give a teaspoonful of Syrup of Figs,
and in a few hours the foul, decaying
constipated matter, undigested food
and sour bile will gently move on and
out of its little bowels without nausea,
gripping or weakness, and you will
surely have a well and smiling child
shortly.

With Syrup of Figs you are not
drugging your children, being com-
posed entirely of lucious figs, senna
and aromatics, it cannot be harmful,
besides they dearly love its delicious
taste.

Mothers should always keep Syrup
of Figs handy. It is the only stomach,
liver and bowel cleanser and regu-
lator needed—a little given today will
save a sick child tomorrow.

Full directions for children of all
ages and for grown-ups plainly print-
ed on the package.

Ask your druggist for the full name,
"Syrup of Figs and Elixir of Senna,"
prepared by the California Fig Syrup
Co. This is the delicious tasting,
genuine old reliable. Refuse any-
thing else offered.—Adv.

THE COMMISSION PLAN

It is Taking Deeper Root—Is Travel-
ing Eastward—Jersey City
to Vote

Boston Transcript: The idea of a
commission form of government ap-
pears to be taking deeper and deeper
root. It is coming eastward, and at-
tracting the attention of even some of
the larger cities. On the 15th of next
month Jersey City voters will meet
to determine whether they want that
method of conducting municipal af-
fairs, and Jersey City is right on the
edge of Greater New York and in
metropolitan relations intimately as-
sociated with it. In fact, one of the
leading metropolitan papers says:

"If any impertinent citizen asks
why the commission form would not
be a good thing for Greater New
York it is very hard to answer him."
Trenton and Passaic are two New
Jersey cities which already have the
system. If Jersey City adopts it,
Newark is likely to swing into line
and eventually the urban interests
of the state will be managed by that
method. But in two of the states
there is evidence of impatience in
waiting upon the cities. The propo-
sition of the governor of Kansas to
establish a commission consisting of
two representatives from each con-
gressional district has been com-
mented on. In Minnesota a bill is before
the legislature to make the executive
branch consist of the governor and
four commissioners, these to appoint
all state officers except the Lieuten-
ant governor and auditor. These are
novel and radical propositions, but
they indicate the grip that this idea
is having upon the popular imagin-
ation.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense
of smell and completely derange the
whole system when entering it through
the mucous surfaces. Such articles
should never be used except on prescrip-
tions from reputable physicians, as the
damage they will do is ten fold to the
good you can possibly derive from them.
Hall's Catarrh Cure, manufactured by F.
J. Cheney & Co., Toledo, O., contains no
mercury and is taken internally, acting
directly upon the blood and mucous
surfaces of the system. In buying Hall's
Catarrh Cure be sure you get the gen-
uine. It is taken internally and is made
in Toledo, O., by F. J. Cheney & Co.

Kindergarten Criticism.

The other night a pantomime com-
edian was in the course of delivering
one of the long and not always uni-
formly funny soliloquies for which he
is famed when there came in a full an
unexpected comment from the stalls.
It was in the high treble voice of a
girl child, and the words, audible on
stage and in several parts of the audi-
torium, were, "Mummy, I wouldn't
mind if they pulled down the blind
now." It was dramatic criticism of a
dramatic kind, and perhaps the out-
spoken child was not the only person
in the house who would have had no
objection to a dropping of the curtain.
—Glasgow News.

The Concertina.

The concertina dates from the early
part of the last century. Its invention
was an early indiscretion of Sir Charles
Wheatstone of telegraph fame, who
took out a patent for it in 1829, the
very year in which somebody in Vi-
enna invented that similar instrument,
the accordion. The concertina was
popularized by Signor Regondi, who
had come before the public as a juve-
nile prodigy with the guitar. At one
time no London concert was really
complete without him and his concert-
ina, and he astounded the Germans
with the music he could get out of it—
Exchange.

Figs Too Heavy to Lift.

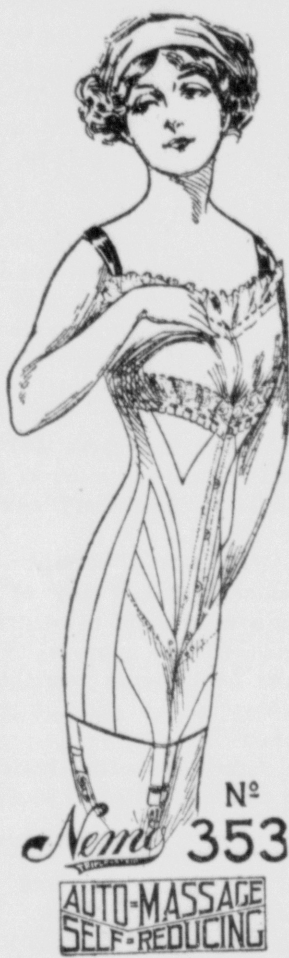

There is a fig tree in Oceania with
small leaves and flowers, but which
bears fruits which are perhaps the lar-
gest borne by any tree on earth. These
round fruits are sometimes so large
that a man cannot lift them. The ker-
nels are eaten roasted like chestnuts,
but they are not easily digestible.
Then there is the Jack of the Indian
archipelago, with a huge trunk and
dense foliage on the broad branching
summit, while the fruit measures eight-
een inches by fifteen. On another tree
the leaves are one and a half feet long
and one foot wide.—Philadelphia In-
quirer.

"MICHAEL'S"

ARTIFICIAL MEAT PRODUCED.

Belgian Chemist Invents Curious Sub-
stitute For Usual Food.

A Belgian chemist, Effront, has suc-
ceeded in making artificial meat, ac-
cording to the testimony of several
prominent doctors. They say the new
product is easier to digest, more nour-
ishing and far cheaper than the real
thing. It tastes about the same. Beef,
mutton and pork can be turned out to
order.

The component parts of "vrandin,"
as it has been christened, are hardly
appetizing. Malt is the main ingredi-
ent, and it is treated with various
chemicals.

A test is about to be made in regard
both to taste and nourishing powers.

A Great Coffee Market.

Havre is the most important coffee
market in Europe, if not in the entire
world.

Try ZEMO; Skin Troubles Vanish

Buy a 25c Bottle Today and Prove It

Glory! A remedy for skin tortures
that makes everybody smile and say,
"Hooray!" If you have that terrible
flery, unreachable itching, scorching,
raw eczema, prickly heat, rash, tetter,
irritated or inflamed skin, blotches,
pimples or blackheads, you will mar-
vel at the results of ZEMO.

ZEMO is a clean, antiseptic solu-
tion, not a grease or ointment. Itch-
ing vanishes at the first application.
This is absolutely guaranteed or
money refunded. Use it on the
baby, too, it gives immediate relief
in all skin tortures. Dandruff and
scalp itching vanish.

"Suffered 23 years with eczema.
Finally tried ZEMO. It cured me
sound and well. That was 15 years
ago. Zemo is a blessing." Mrs. S.
Eason, Hope, Ark.

ZEMO is sold in 25c sealed bottles
and guaranteed in Brainerd by John-
son's Pharmacy.—Adv.

JOHN CARLSON

CUYUNA RANGE
POWER CO. PLANS

M. D. Stoner, While at Deerwood, Announces Further Extension Work of the Company

MAY BUILD NEW POLE LINES

Social News of Deerwood and Vicinity—Deerwood Interested in New N. P. Train

Deerwood, Minn., April 11—In an interview with M. D. Stoner, president and general manager of the Cuyuna Range Power company, relative to the future operations of his company, he said: "The fact that we have a proposition before the Brainerd council has not caused us to cease looking for new business. We have solicited contracts to the east and west of Brainerd. If conditions are favorable we shall build a pole line to Aitkin and another west to Staples and perhaps to Verndale and shall pick up business at these points and the territory intervening. The cost of building these two lines will not exceed the cost of acquiring the Brainerd plant and building into that city." Which all goes to show that the Brainerd council may meet and meet and adjourn, etc., but Stoner keeps moving and doing the business. Mr. Stoner expects to be utilizing his water power early in May. Electricity will be furnished Barrows and Orelund some time in May. Among recent contracts secured by the Stoner company is the mine haulage of the Armour No. 1 mine. Current will be furnished for a 125 horsepower motor. The corporation has also been promised the haulage at the Kennedy mine as soon as the necessary machinery can be installed.

Mayor Culver Adams' prompt order to close saloons should any of the striking miners attempt to secure liquor, meets with the approval of the citizens and he is being commended for his prompt action and the stand he has taken.

Edward Lamb is visiting his father, E. A. Lamb and sister, Miss Agnes I. Lamb.

John Doran and family have returned to Seattle, Wash., and will make that city their home. Mrs. Doran is a daughter of Thomas Keating.

Mrs. H. A. Knapp, of Brainerd, has been visiting Mrs. T. F. Cole. Both ladies went to Duluth Thursday for a short visit.

C. H. Adams, of Brainerd, attended to business matters in town Wednesday.

Rev. M. L. Hostager, of Brainerd, held services in Deerwood Thursday.

The Norwegian Ladies Aid society will meet with Mrs. Anton Torgerson next Thursday afternoon, April 17.

Mrs. P. A. Gough and son, Percy, is visiting her brother in Chicago. After a short stay there she will go to Harrodsburg, Ky., for a visit with friends.

A large attendance was present at the dance given at Hilyar's hall last Saturday evening, April 5. Knupe's orchestra played. Supper was served at the Shamrock cafe.

The new train service for the Cuyuna range meets with favor in the eyes of Deerwood. It will bring many Brainerd people to the pleasant summer resorts at and near the town.

No matter how long you suffered, or what other remedies have failed to cure, Foley Kidney Pills will surely help you. They are genuinely tonic, strengthening and curative, build up the kidneys and restore their regular action. Doing Right. If people resolutely do what is right, in time they come to like doing it.—Ruskin.

LOERCH ITEMS

Mr. Sather called at Aspholm's last Friday on business.

Arthur Fisher was seen on the streets of Loerch last week. When did he arrive?

Mrs. Bergeman was in Brainerd last Friday.

Arthur Dullum was calling at Aspholm's last Saturday.

Mr. and Mrs. A. H. Aspholm were in Brainerd last Saturday.

Oscar Dullum was in Brainerd between trains last Thursday.

The Parson & Peterson company are sawing wood for Mr. Aspholm. They expect to be through by the 4th of July, at least.

Mrs. Sather called at Dullum's last Monday.

Misses Margaret and Clara Bergeman and Betty Johnson were visiting at Sather's Sunday.

Messrs. Andrew and Daniel Peterson, Harry Anderson and Ray Murray were down spearing fish one day last week. All they got was "got home wet."

The Parson & Peterson company has had about a week's lay off, and they are trying to make up for lost time. Hustle up you fellows, the Fourth is soon here!

Rose and Nora Sargent were visiting at Miller's last Sunday.

Maybelle and Erwin Dullum called at Aspholm's last Tuesday evening.

"Little Ole" can probably play ball, but you bet he can't play "500."

Peter Lewis was in Brainerd last Saturday.

Oscar Dullum went to Wright, Minn., last Sunday.

Tom Pederson was in Brainerd last Monday.

Those who went to Brainerd from Loerch last Sunday were Miss Gladys Trommald, Messrs. Erwin and Oscar Dullum and Ole Peterson.

Gladys Trommald was visiting at Loerch last Saturday and Sunday.

Betty and Arthur Johnson were in Brainerd last Saturday.

Mr. and Mrs. Leckscheldt and daughter Anna were in Brainerd Tuesday to see Mrs. Lien, who is seriously ill.

Mr. Miller called at Aspholm's last Tuesday evening.

Mr. Sather was butchering at Bergeman's last Monday.

"OLD LADY."

There is no case on record of a cough, cold or lagrippe developing into bronchitis, pneumonia or consumption after Foley's Honey and Tar Compound has been taken. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn, druggist.—Advtd. mwf

PINE KNOLL

Geo. Warriner called on Benson's Monday.

Mrs. Ben Welton and son Earl, left for the cities last week where they will visit for a short time with relatives and friends.

Mr. and Mrs. Frank Lord were Aitkin visitors Friday.

Oscar Harrison and Henry Wagner called at Terry's Tuesday.

It is reported that Mary Johnson has the measles. This is no time for the measles, Mary. Cheer up! KIDDO.

Must You Be Bald?

What have you done to stop your hair from falling? Have you tried Rexall "93" Hair Tonic? If not, we want you to try it at our risk.

If you have dandruff; if your hair is falling out and your scalp is not glazed and shiny, if you use Rexall "93" Hair Tonic according to directions for thirty days, and at the end of that time you are not thoroughly satisfied with the results and will tell us so, we will immediately hand back your money. We won't ask you to promise anything. We won't even question you. We will take your word and return your money.

Doesn't it stand to reason that Rexall "93" Hair Tonic must be a mighty good remedy and have given great satisfaction to our customers if we endorse it like this? We know of no similar remedy that is as good. It is because of what Rexall "93" Hair Tonic has done for others that we back it with our own money.

Why suffer scalp and hair trouble or be bald, when Rexall "93" Hair Tonic will remove dandruff, make your scalp comfortable and healthy, promote hair growth and tend to prevent baldness—when we will pay for the treatment should it fail to please you?

We don't obligate you to anything. You simply buy the treatment; use it, and if not pleased, come back to us empty-handed—and we will hand back what you paid us. Two sizes, 50c and \$1.00 a bottle. You can buy Rexall "93" Hair Tonic in this community only at our store:

TO BE HEARD IN CROSBY

Miss Alice Ruth O'Connell of Minneapolis, Gives Popular Program There April 17

Miss Alice Ruth O'Connell, of the Minneapolis School of Music, Oratory and Dramatic Art, will be heard in one of her popular programs in Crosby on Thursday, April 17.

This distinguished reader gave a most delightful program before the Brainerd Musical club some years ago and pleased the members to the utmost. She needs no introduction in Crosby where she has scores of admirers.

She has filled many engagements since, and everywhere leaves the impression of a well trained, able reader who has command of humor, pathos and every tragic effort.

Miss O'Connell will be assisted by the best of local musical talent. The proceeds will be for the benefit of the Crosby-Ironton Catholic church.
